COMPENSATION FUND**

INTRODUCTION

It is amazing the number of occasions on which Fund Members damage or lose their own firearms. The damage can be created by simply leaving a gun sitting on the roof of the car and then unthinkingly driving off or, even driving over the firearm as it lies on the ground at the end of a days shooting. The loss can be accidentally dropping the firearm overboard from a boat but usually, particularly in more recent times, theft is the big rogue.

In a continuing effort on the part of the Fund to be ever more responsive to the needs of Fund Members, this document outlines a proposal which, with overall support, will enable the N.A.R.G.C. Compensation Fund to launch a Firearm Protection Scheme.

Subject to the terms, conditions, limitations and exceptions herein contained, the Fund will protect Fund Members against accidental loss of or damage to their own firearm/s which occurs during any period of protection and for which they have paid the subscription later set out.

DEFINITIONS

Any word or expression which is given a specific meaning in this document will have the same meaning wherever it appears.

Fund Member/You/Your:

The Fund Member named in the Proposal who applies to have damage to or loss of his/her legally held firearm protected by the Compensation Fund.
